

DRAFT DIRECTIVE TRANSMITTAL
WORKFORCE SERVICES

Number: WSDD-16

Date: August 8, 2008

TO: WORKFORCE DEVELOPMENT COMMUNITY

SUBJECT: LOCAL PLAN MODIFICATIONS PY 2008-09

☒ **IMMEDIATE ACTION**

Bring this draft to the attention of the appropriate staff.

☒ **E-MAIL COPY TRANSMITTED**

Number of pages (including coversheet): 10

If there are any problems with this transmittal, please call the Pagemaster at 916/654-8008.

SUBJECT MATTER HIGHLIGHTS:

Please review and comment on the attached draft directive.

COMMENTS ARE DUE BY:

September 8, 2008

Comments can be submitted through one of the following ways:

- 1) **Fax** — WSD, Attention: **Jennifer Araujo** at 916/654-9753
- 2) **E-Mail** — Jennifer.Araujo@edd.ca.gov (Include “draft comments” in the subject line)
- 3) **Mail** — WSD / P.O. Box 826880 / MIC 69 / Sacramento, CA 94280-0001

All comments received by the end of the comment period will be considered before the final directive is issued. The Workforce Services Branch does not respond individually to each comment received. However, a summary of comments will be released with the final directive. **Comments received after the specified due date will not be considered.**

If you have any questions, contact your WSD Regional Advisor at (916) 653-6347.

DRAFT DIRECTIVE

WORKFORCE SERVICES

Number:

Date:

69:123:cs:12100

TO: WORKFORCE DEVELOPMENT COMMUNITY

SUBJECT: LOCAL PLAN MODIFICATIONS PY 2008-09

EXECUTIVE SUMMARY:

Purpose:

This directive announces a fourth one-year extension to existing Local Workforce Investment Area (LWIA) Five-Year Strategic Local Plans via the local plan modification process. In addition, it provides instructions and forms to submit Program Year (PY) 2008-09 local plan modifications.

Scope:

This directive applies primarily to all Local Workforce Investment Boards (LWIB); however, as part of the larger workforce development community, those in the Workforce Services Branch field operations are included in this circulation.

Effective Date:

This directive is effective on date of issuance.

- WIAB99-2, Subject: WIA Initial Local Planning Guidance (December 14, 1999)

STATE-IMPOSED REQUIREMENTS:

This directive contains some State-imposed requirements. These requirements are indicated by ***bold, italic*** type.

FILING INSTRUCTIONS:

This directive supersedes Workforce Services Directive WSD07-4, dated October 2, 2007. Retain this directive until further notice.

BACKGROUND:

The LWIBs submitted their initial Five-Year Strategic Local Plans pursuant to the requirements in WIA Section 118, instructions in WIAB99-2, dated December 14, 1999, and several issuances of supplemental guidance. Title 20 CFR Part 661.355 states that the Governor must establish procedures governing the modification of local plans. Accordingly, WSD07-4, dated October 2, 2007, provided instructions for submitting the PY 2007-08 plan modifications, including the required changes to local policies resulting from the passage of SB 293. SB 293 amended the CUI to repeal Division 8, Family Economic Security: Job Preparation and Training Services, and to amend Division 7, California Workforce Training Act, by replacing Section 14000 and adding Sections 14005-14530.

The LWIBs were given three one-year extensions to their existing Five-Year Strategic Local Plans via local plan modifications for PYs 2005-06, 2006-07, and 2007-08. ***To meet the requirements in Section 118 of WIA, the LWIBs are being given a fourth one-year extension to their existing Five-Year Strategic Local Plans, subject only to the requirements of this directive for PY 2008-09.***

POLICY AND PROCEDURES:

This directive includes the attachment, [WIA Local Plan Modification PY 2008-09 Instructions and Forms](#). The forms in this attachment include the following:

- Cover Page
- Table of Contents
- Signature Page
- Title IB Budget Plan Summaries for Adult or Dislocated Worker and Youth
- Title IB Participant Plan Summary
- Negotiated Levels of Performance
- Local Area Grant Recipient Listing

All LWIBs must complete the Cover Page, Table of Contents, Signature Page, Budget Plan Summaries, Participant Plan Summary, Negotiated Levels of Performance Chart, and LWIA Grant Recipient Listing, as part of the modification. Final approval of the local area's proposed goals is subject to negotiation with the State.

(Note: The Title IB Participant Plan Summary and the Negotiated Levels of Performance forms have been updated to reflect the State's replacement of the statutory performance measures under WIA Section 136(b) with the common performance measures defined in TEGl 17-05. See the section below titled, Performance Goals.)

This directive also includes the attachment, [WIA Local Plan Modification PY 2008-09 Narrative Forms](#). The LWIBs should utilize this set of forms if they need to make changes to any of the narrative portions submitted with their initial plan or subsequent modifications.

Both of these attachments are also available on the Employment Development Department's Web site under Resources, Local Planning Documents at www.edd.ca.gov/Jobs_and_Training/Local_Planning_Documents.htm.

Local plans must be modified to include the following elements, as applicable:

Memorandums of Understanding (MOU)

The WIA Section 121(c)(2) requires that each MOU contain provisions describing the following:

- how the costs of such services and the operating costs of the system will be funded
- methods for referral of individuals between the One-Stop operator and the One-Stop partners, for the appropriate services and activities

Some LWIBs may have submitted MOUs missing these required elements. In certain cases, the LWIB's MOU was approved based on the condition that cost-sharing arrangements would be developed. In other instances, the MOUs did not include specific information about referral methods. **The LWIBs must attach a current copy of each fully executed MOU for all required partners that describe the cost-sharing arrangements and methods of referral, as well as the other required elements in WIA Section 121(c). If there is more than a single One-Stop in the local area, the MOUs must address the cost-sharing arrangements and other Section 121(c) requirements regarding each of the One-Stops, including descriptions of any differences or unique arrangements regarding the various sites. In addition, if your local area is involved with the local learning lab effort and your methods of referral will change as a result of your status as a local learning lab, those changes should be summarized in the MOU.**

If cost-sharing arrangements are not included as part of the MOU but are contained in another document (e.g., a lease agreement), provide a copy of that document with the MOU. If any required MOUs have not yet been negotiated, these must be identified and a description of the ongoing efforts and/or problems in finalizing the memorandum(s) must be provided in Box "S" of the narrative Section V entitled "Local One-Stop Service Delivery System." Please indicate the projected dates, if known, of full execution.

Required Changes Resulting from the Passage of SB 293

The passage of SB 293 (Statutes of 2006, Chapter 630) resulted in changes to the CUIC. These changes provide guidance and new requirements for carrying out WIA-funded program activities. Due to the timing of the release of WSD07-4, Local Plan Modifications PY 2007-08, not all local areas were able to incorporate the changes from SB 293 into their PY 2007-08 local plans (e.g., the local area was unable to obtain approval from the LWIB Chair and Chief Elected Official by the local plan designated due date). ***All local plan modifications for PY 2008-09 need to reflect changes to local policies in order to include the provisions as summarized in the following CUIC requirements.***

- The CUIC Section 14202 requires that ***representatives of labor organizations comprise at least 15 percent of each LWIB. Describe the LWIB composition in Box "C" (and any other applicable sections/boxes) of the narrative Section IV entitled "Leadership."***
- The CUIC Section 14206(d) requires LWIBs to ***"Select one-stop operators, with the agreement of the local chief elected official, annually review their operations, and terminate for cause the eligibility of such operators." Include the LWIBs policy addressing this process in Box "B" of the narrative Section V entitled "Local One-Stop Service Delivery System."***
- The CUIC Section 14206(h) requires each LWIB to ***"Develop local policy on the amount and duration of individual training accounts based on market rate for local training programs." Include this policy in Box "F" of the narrative Section V entitled "Local One-Stop Service Delivery System."***
- The CUIC Section 14230(a)(5) states that training services shall be made available to individuals who, among other criteria, ***"have selected a program of services directly linked to occupations in demand in the local or regional area." Include the LWIBs policy addressing this topic in Box "R" of the narrative Section V entitled "Local One-Stop Service Delivery System."***
- The CUIC Section 14230(d) requires each LWIB to ***"develop a policy for identifying individuals who, because of their skills or experience, should be referred immediately to training services".*** In addition, it requires LWIBs to contain ***this policy and the methods for referral of individuals between the one-stop operators and the one-stop partners, in the MOU between the LWIB and the one-stop partners. Include both the LWIBs policy and methods for referral in Box "S" of the narrative Section V entitled "Local One-Stop Service Delivery System.***

For more detailed guidance regarding the CUIC requirements, refer to [WIAD06-21](#), Workforce Training Act (SB 293) Implementation Guidance, dated June 29, 2007.

Transfer of Funds—Adult and Dislocated Worker Formula Allocations

Workforce Services Draft Directive WSDD-13, dated July 10, 2008, provides State policy and procedures for the transfer of funds between Title I adult and dislocated worker programs (WSDD-13 was available for public comment until July 31, 2008. We will update this reference once the final directive has been released). The LWIBs may submit a request for transfer at any time during the two-year life of the funds except for May and June of the second year of availability. When you wish to initiate a transfer of funds, ***follow the instructions in the directive for requesting the transfer. To include a request for transfer of funds as part of your local plan modification, make the appropriate entries on the budget and participant forms.***

On February 26, 2008, the Department of Labor (DOL) granted the State's request to extend and expand its waiver of the funds transfer limitation. This new waiver raises the transfer limit of adult and dislocated worker funds from 50 percent to 100 percent for PY 2007-08 and PY 2008-09. To the extent a LWIA requests to transfer its entire allocation of dislocated worker funds to the adult program, it should be cognizant of the following implications pertaining to that transfer:

- The State will not consider LWIA requests for funding from the WIA Dislocated Worker 25 Percent Additional Assistance account to mitigate the loss of dislocated worker formula funds resulting from the transfer. The WIA Directives, [WIAD05-18](#) and [WIAD07-3](#), describe the policy guidelines for Additional Assistance funds. Pursuant to these guidelines, a LWIA may not apply for Additional Assistance funds based on the contention of dislocated worker allocation "formula insufficiency" resulting from the transfer. However, if a LWIA transfers 100 percent of its dislocated worker formula funds and a dislocation event occurs in the local area, (e.g., specific employer layoff or disaster that changes the local economic conditions), the State will consider a LWIA request for Additional Assistance funds on a case by case basis.
- If the LWIB has determined that the funds allocated to it for adult employment and training services are limited, priority for intensive and training services must be given to recipients of public assistance and other low income adults. All dislocated worker funds transferred to the adult program will become subject to this priority of service requirement.
- If the LWIB has determined that funds are not limited for adult employment and training services, the local area may offer intensive and training services to all eligible individuals regardless of income status. (If the LWIB has determined that funds are not limited, this should be stated in relevant sections of their local plan.)
- All participants served with funds transferred from the dislocated worker to the adult program will be attributed to the adult program and subject to adult accountability and performance outcomes. Under this scenario, the LWIA will not have any dislocated worker participants or performance outcomes, even though some clients may have otherwise qualified as dislocated workers.

Performance Goals

On December 11, 2007, the DOL approved California's waiver request to move from the statutory performance measures specified in WIA Section 136(b)(2) to the common performance measures defined in [TEGL 17-05](#). This information was disseminated to the workforce development community in [WSIN07-33](#), dated February 5, 2008. This waiver is effective July 1, 2007 through June 30, 2009. ***Include a discussion of how your local area's program design has been updated as a result of the State's replacement of the statutory performance measures with the common performance measures in the narrative Section V entitled "Local One-Stop Service Delivery System" and Box "F" of the narrative Section VI entitled "Youth Activities."***

Additional situations in which modifications are required

Title 20 CFR Part 661.355 provides examples of situations for which the Governor may also require modification of the local plan. ***The State requires LWIBs to modify their local plans to include any of the following four changes referenced in Title 20 CFR Part 661.355, which are applicable to the local area.***

- Significant changes (as well as a general downturn) in local economic conditions -- ***All LWIBs should describe any significant changes in the narrative Section III entitled "Labor Market Analysis."***
- Changes in financing available to support WIA Title I and partner-provided WIA services – ***All LWIBs will have changes in financing available to support Title I services, i.e., the PY 2008–09 allocations. The LWIBs should incorporate the PY 2008-09 allocations into their Budget Plan Summary modifications, included in the [WIA Local Plan Modification PY 2008–09 Instructions and Forms](#) attachment.***
- Changes to the LWIB structure – "Changes to the Local Board structure" does not mean changes in specific individuals on the board. Rather, it refers to changes in numbers of members, additional partnership categories, and other structural changes (e.g., the establishment of a youth council within the board, or the 15 percent representation of labor organizations required by SB 293). However, no structural changes can be made which would eliminate any required partner categories, or which would eliminate the private sector majority. ***Any applicable changes must be discussed in Box "C" (and any other applicable sections/boxes) of the narrative Section IV entitled "Leadership."*** For example, if there are changes regarding the youth council, these should be discussed in Box "A" of the narrative Section VI titled "Youth Activities."
- A need to revise strategies to meet performance goals – ***Local negotiated PY 2007–08 performance goals may not be available by the time of your PY 2008–09 modification submittal. However, even if they are not, you may decide locally, based on prior years' experiences, that you will need to change your strategies in order to meet your performance goals. If so, discuss the strategic changes in the narrative Section II entitled "Local Vision and Goals" and/or any other applicable sections of the narrative.***

Modifications specific to the 12 local learning labs

Each of the 12 local learning labs developed and submitted a local integration plan in accordance with the State's draft policy framework to the Employment Development Department's Workforce Services Branch near the end of February 2008. These local integration plans described the design elements used in modeling their new service delivery system. If the plan submitted by your local area in February 2008 continues to accurately reflect your area's involvement in the integrated service delivery local learning labs effort, include it by reference in the narrative section of your PY 2008-09 local plan modification. However, if there have been substantive changes to your February 2008 plan, please revise the plan to incorporate those changes, and then attach it to your local plan modification.

Format

The [WIA Local Plan Modification PY 2008–09 Instructions and Forms](#) includes a local plan table of contents that has columns for indicating which plan sections have been revised. ***Only those items that were not submitted with the local area's initial five-year plan and/or prior local plan modifications, items requiring changes (e.g., significant changes in local economic conditions, or changes in local policies resulting from the passage of SB 293), and a local area's involvement with the Integrated Service Delivery Local Learning Labs effort, must be included in the modification.***

Annotate each revised page with a revision date in the lower right corner of the page (e.g., "Rev. 6/30/08"). Complete the cover page. After the cover page, arrange the modification in the order indicated by the table of contents.

Public Comment, Signatures, Due Date

Plan modifications must be made available to the public through such means as public hearings and the local news media. Members of the LWIB and members of the public, including representatives of business and labor organizations, must be allowed to submit comments on the proposed modification to the local plan. These must be submitted no later than the end of the 30-day period beginning on the date on which the proposed modification is made available.

The plan modification is due to the State no later than October 30, 2008. Six copies are required, at least one of which must contain the original signatures of the LWIB Chair and the Chief Elected Official, or their designated alternates. Only one copy of each MOU is required. (Note: Alternates must be formally designated by official action of their respective boards or locally approved policy.)

ACTION:

Please bring this directive to the attention of all relevant parties. ***Complete the plan modification according to the instructions in this directive and attachments. Submit the modification no later than 5:00 p.m., on October 30, 2008, to:***
